

LexisNexis® Bridger Insight™ XG Enterprise

Simple, Efficient Risk Management and Compliance

For large, sophisticated organizations that require multiple deployments and demand precise control behind their firewall, LexisNexis Canada offers a complete solution – LexisNexis® Bridger Insight™ XG Enterprise.

“ On FINTRAC’s side of the ledger, we will be moving from outreach and awareness building to more enforcement action. ”

– Jeanne M. Flemming, Director of Financial Transactions and Reports Analysis Centre of Canada (FINTRAC), 2010

A Comprehensive Compliance Combination

LexisNexis® Bridger Insight™ XG is scalable for those organizations who need better segregation of business units across their enterprise. You can completely isolate entire businesses instead of separating only at a division level. This proven solution is uniquely designed to suit the many needs of complex organizations requiring complete system-to-system integration and highly automated batch scanning. Plus, it includes built-in tools to help protect your organization against various forms of reputational, regulatory and financial risk. Bridger Insight XG Enterprise is the ideal solution, allowing for:

- Scalability — multiple instances can be deployed
- Segregation of business units for large or complex companies
- Complete system-to-system integration to support your business processes
- Advanced automation to sustain high volume/frequency batch processes
- Enterprise-wide deployment — on your hardware and under your strict control

Proven Results, Trusted Solution

Bridger Insight XG is one of the most widely used compliance suites in the world, trusted by over 4,000 U.S. financial institutions. It provides real-time and batch screening of new and existing customers by combining the latest decision-making tools into one intuitive interface including:

- Extensive watch list screening — both government-published and lists created by your organization
- Politically Exposed Foreign Persons (PEFP) screening
- Sophisticated false positive reduction
- Integrated access to external due diligence tools outside your firewall

Key Product Benefits

- Data remains behind client's firewall
- Intuitive product interface
- Turn-key deployment with most advanced security and technology
- Automated process flow and reporting
- Real-time look-up or batch processing
- Supports government watch lists such as those compiled by Office of the Superintendent of Financial Institutions OSFI (Canada), UN Consolidated List (global), HM Treasury Consolidated List of financial sanctions targets (U.K.), Office of Foreign Assets Control OFAC (U.S.)
- Supports watch lists created by your organization, such as internal fraud lists
- Archives for later audit support and reporting
- Management reports for optimizing compliance process efficiency

Ongoing, Professional Support

With Bridger Insight™ XG Enterprise, you will be assigned a Premier Support Representative (PSR) — a professional who will act as your organization's main point of contact. Your PSR will be familiar with your organization's product configuration, including the enterprise-wide deployment and overall product usage. Premier Support includes four 1-hour product-training sessions to help optimize the way Bridger Insight™ XG supports your organization. In addition, you will have an after-hours contact number for any emergencies.
